

WELCOME TO YOUR 8 WEEKS

You do not need to memorise everything before you begin. Set up the basics, start, and let Tammy coach you through the rest.

BEFORE DAY 1

- ☐ Read the Eat Like Tammy food guide once from start to finish.
- ☐ Choose your first-week food prep style: full batch, split, mix-and-match, or minimal.
- ☐ Buy the foods you need for the first 7 days.
- ☐ Schedule your training sessions for the week.
- ☐ Complete your starting point in the journal.
- ☐ Optional: take front, side and back progress photos in the same outfit.
- ☐ Know how to contact Tammy when you need help.

THE FOOD RULES TO REMEMBER

- Protein portions and butternut are weighed RAW.
- Pasta and oats are weighed DRY. Tuna is weighed DRAINED.
- Non-starchy low-calorie vegetables and salad are unlimited.
- ONE STARCH PER MEAL. NEVER TWO.
- Treats are planned: maximum two treat occasions per week.

DO NOT WAIT FOR A PERFECT MONDAY.

Start with the next good choice.

KEEP THE WEEK SIMPLE

The program works best when you repeat a few basic actions instead of trying to be perfect.

1. PLAN

At the start of the week, choose your training days, prep style, protein choices, ONE-starch options and two possible treat occasions.

2. PREP

Prepare the things most likely to save you when you are busy: protein portions, measured starch portions, eggs/snacks and washed vegetables.

3. FOLLOW THE DAY

Choose one breakfast, use snacks only when needed, choose one lunch, and build dinner around lean protein plus unlimited non-starchy vegetables.

4. ASK EARLY

If hunger, training fatigue, weekends or a difficult week are knocking you off track, tell Tammy early. The point of coaching is to adjust before you give up.

5. REVIEW

Use the weekly journal page to notice patterns. Keep what worked. Change one thing at a time.

WHEN TO STOP AND GET MEDICAL HELP
